The bootcamp builds capability. Without ongoing structure, it fades. The AI Accelerator is **like having an AI department without building one.**

AI changes every 90 days. Your team's skills go stale, momentum dies, and your training investment loses value. The Accelerator keeps the flywheel spinning — coaching your people, keeping them current, and making sure adoption compounds. Let's make AI work for your company.

WHAT'S INCLUDED IN THE KIINGO AI ACCELERATOR

Dedicated AI Coach

Your point of contact at Kiingo — handles ad hoc questions via a ticket system, coordinates your team's engagement, and keeps your adoption journey on track.

Weekly Training

Live sessions every week on the tools and workflows that matter to your business

Daily Office Hours

Drop-in help for your whole team. Get unstuck on prompts, workflows, or AI challenges in real time. No appointment needed.

Advisory Hours

Private 1-on-1 consulting aligned to your company's goals. Use for exclusive webinars, bootcamp extensions, workflow discovery, or strategic advisory.

AI Champions Group

Monthly peer group of 10–12 AI Champions from different organizations. Accountability and output-driven sessions. We train your internal change agent.

Resource Vault

200+ prompts, video training, use case libraries, tool guides, and expert support — everything your team needs to keep building AI capability. Updated monthly so you never fall behind.

Advanced Training Labs

90-minute sessions, twice weekly. Topics include Claude Code, AI for marketing, using n8n, NotebookLM, and more.

Quarterly Strategy

Sessions with your AI Coach for a comprehensive review of engagement, progress, and estimated ROI — aligning AI adoption with your company goals.

WHAT CLIENTS SAY

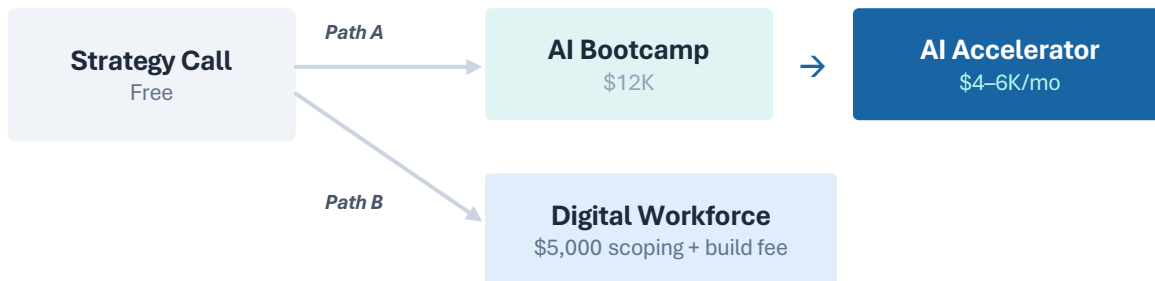

"There are a lot of BS AI groups and promises out there that are just scams without real ROI. Kiingo AI is truly a step ahead. **Keep pushing the envelope while maintaining high standards.**"

— Summer Hopson, Marketing Lead, Dumont Printing

"Ross knows his stuff—it's not something he bolted on. I created an agent to serve as a Chair collaborator. It made it faster to prepare for meetings and gave me ideas for adding members."

— Meghan Altimore, CEO, Hopelink
